## WILSON'S WORDS CLEAR UP DOUBT

CALIFORNIA THROWS OVER ITS  
LEADER, JOHNSON, AND  
RALLIES TO LEAGUE.

### WEST GIVES HIM OVATION

All Doubtful Features of Pact Are  
Explained Away By President, and  
Former Doubters Hasten to Give  
Him Their Support.

(By Independent News Bureau, formerly Mt. Clemens News Bureau.)

Aboard President Wilson's Special Train—A continuous ovation along the Pacific coast and then on his eastward way back toward the capital was given to President Wilson as he came toward the end of his month daylong speaking tour in behalf of the League of Nations. California, particularly the delightful city of Los Angeles, went wild in its enthusiasm for him and his advocacy of the League, and it was in that state, perhaps, that he did his most successful missionary work. Hiram Johnson, California's former governor, now her United States senator, and considered by her as the most likely Republican candidate for the presidency in 1920, had before the arrival of President Wilson, convinced a great number of citizens that the League as at present formulated was not a good thing. He had told them that the United States, because of it, would be drawn into every petty European quarrel; he argued that we would lose our sovereignty by joining with the European nations. He had blamed the president for assenting to the possession by Japan of the Peninsula of Shan Tung in China.

### BUREAU CHANGES NAME

The Mount Clemens News Bureau, which has been furnishing reports on President Wilson's tour in behalf of the League of Nations to 5,500 papers, has adopted a new name and will hereafter be known as The Independent News Bureau.

But Mr. Wilson, with clear logic and with compelling eloquence, answered to the entire satisfaction of California's people every objection which Senator Johnson had made to the League. And thousands of the state's citizens deserted the Johnson standard immediately and rallied to the support of the president. More than that, they came forward and said, "We were against you, Mr. President, but you have cleared everything up and now we are with you heart and soul." Still more than that, they let Senator Johnson know that they were no longer with him and that they disapproved of the speaking tour which he himself was making in opposition to the League and so powerful was the volume of public opinion which reached him, that the senator almost immediately abandoned his tour. The Shan Tung question, because of the anti-Japanese feeling which undoubtedly exists along the Pacific coast was the most serious which the president had to answer. He explained to the people that he had been powerless to prevent the rich peninsula from being given to Japan. England and France, through a secret treaty, had promised it to Japan for entering the war and remaining in it. That treaty had to be carried out. Anyway it was not China that was losing Shan Tung, but Germany, which had seized the territory from China in 1918 and held it ever since. Japan had promised, the president explained, to return Shan Tung as soon as the peace treaty was ratified and it was only through the ratification of the treaty with the League of Nations inclusion, that China could ever expect to get her former property back. And she surely would get it back, he declared, through the ratification of the League. Therefore, through the same instrumentality no other nation could again prey upon the "Great, patient, diligent, but helpless kingdom." As to our being drawn into any European conflict. The president pointed out that no direct action such as the sending of troops to any part of the world to maintain or restore order could be taken by the Council of the League without a unanimous vote of the council members, therefore our vote could at once negative any such proposition as sending our soldiers where we did not want them sent. Besides, Mr. Wilson argued, "If you have to quench a fire in California you don't send for the fire department of Utah." But, he argued, there probably never will be another war, if the League is established, for the members promise either to arbitrate their difference and accept the decision of the arbitrator, lay the differences for discussion and publication before the Council of the League for a period of six months, and then, if possible, accept the council's advice. That failing, they agree to refrain from war for a further period of three months and nine months of "cooling off," the president contended, would prevent any armed conflict. These clear explanations satisfied every reasonable hearer and destroyed the "bugaboo" which Senator Johnson and others had raised against the League. Through rugged Nevada into Utah, the land of Mormons, the president swept to find that those fine people were heartily with him for the League and a permanency of peace.

## WILL ANSWER CALL OF WHOLE WORLD

THIS IS AIM OF SOUTHERN BAPTISTS IN THEIR PRESENT  
DRIVE FOR \$75,000,000.

### ENLARGE PRESENT WORK

Forces in Field Today Are Far From  
Sufficient To Meet Needs of Situation, Leaders Declare—Europe  
Included On Program.

Now that the larger liberties enjoyed by peoples everywhere, following the close of the world war, have revealed as never before the need and the opportunity for the spread of the gospel to all the ends of the earth, the Baptists of the South have launched their program for \$75,000,000 to be raised in cash and five-year subscriptions between now and December 7th in the hope of making a worthy beginning toward supplying this world need.

Of the total sum sought in this campaign, the actual drive for the funds

DR. J. F. LOVE,  
Of Richmond, Va., Secretary of Foreign Missions for the Southern Baptist Convention.

to be made during Victory Week, November 30-December 7, \$43,000,000 will be devoted to missions, and \$20,000,000 of this sum will be devoted to enlarging the work on the ten important foreign fields occupied already and to opening up new fields where countless millions of peoples have not yet heard the story of Jesus Christ.

Asia, Africa, Latin America (including Mexico as well as South America), and Europe are the four continents in which the missionaries of Southern Baptists are operating today, but in all of the ten countries of these continents, Southern Baptists have only 316 missionaries, 787 native workers, 192 of whom are ordained, 12 foreign physicians, 6 foreign trained nurses, 21 native physicians and 23 native nurses.

"Our missionaries already on the field have wrought wonderfully for the Master, considering the difficulties they have had to confront," Dr. J. F. Love, secretary of foreign missions, declares, "but we at home have not supported them as we ought with helpers of all kinds and with schools, hospitals and other agencies to enable them to do a larger work in every way. The smallness of the work we have done already can be realized when we look at the vast number of people who have not been reached in the foreign fields we are occupying today. China, for instance, has a population four times that of the United States, or one-fourth the population of the entire world, and our force there consists of only 65 men, 62 married women, 49 unmarried women, 54 ordained natives and 420 unordained native helpers. Japan, which has half as many people as the United States, is being served by 9 men, 8 married women, 3 unmarried women, 11 ordained natives and 6 unordained native helpers. In Italy there are a third as many people as there are in the United States, yet we have there only 2 men, 2 married women, 35 ordained natives and 3 unordained native helpers. Mexico has 15,000,000 people, and we have in that country and on the border a missionary force consisting of 11 men, 11 married women, 3 unmarried women, 24 ordained natives and 15 unordained native helpers. Argentina has a population of 8,000,000 and our missionary force there consists of 7 men, 7 married women, 14 ordained natives, and 7 unordained native helpers. In Africa, we have entered only one state, that of Nigeria, but this state has a population of 20,000,000, and to serve those people we have only 7 men missionaries, 6 married women, 3 unmarried women, 3 ordained natives and 52 unordained native helpers. Brazil has a territory larger than all the United States and a population of 50,000,000. Serving those people we have a force of 54 men, 33 married women, 2 unmarried women, 69 ordained natives, and 52 unordained native helpers. Our work in Chile, where there are 3,000,000 people, is only two years old, but we have 12 churches, and 15 out-stations in which last year there were 122 baptisms. We need at least 200 more missionaries now and from the proceeds of this campaign we hope to employ them and then equip them and those on the field already for doing the largest work for the Master."
